003 REQUIREMENTS OF SPONSOR.

003.01 For other than asset-backed securities with an investment grade rating, the sponsor or its management shall demonstrate the knowledge and expertise necessary to supervise the origination, pooling and servicing of the type of eligible assets being securitized.

003.02 Financial Condition.

003.02A The sponsor shall demonstrate that it is solvent and will, with reasonable certainty, be able to meet any financial obligations to the issuer.

003.02B If the Director deems it relevant, the sponsor shall provide complete audited financial statements for its most recent fiscal year and, if necessary, unaudited financial statements prepared within 135 days of the date that the application for registration of the asset-backed securities is made effective by the Director.

003.03 Credit Enhancements.

003.03A The sponsor shall make or cause to be made an equity contribution to the issuer or shall provide or cause to be provided other substantial credit enhancements to help establish a reasonable likelihood that the stated rate of return will be realized, unless:

003.03A1 The asset-backed securities have an investment grade rating, or

003.03A2 The Director waives this requirement.

003.03B The sponsor shall describe the credit enhancement in the prospectus, including summary information regarding any third party which is providing the credit enhancement.

003.04 Portfolio Characteristics.

003.04A For other than asset-backed securities with an investment grade rating, the sponsor shall demonstrate, based on designated acquisition criteria or specifically identified eligible assets, that the eligible assets being pooled will generate sufficient cash flow to make all scheduled payments on the asset-backed securities after taking allowed expenses into consideration.

003.04B For other than asset-backed securities with an investment grade rating, if a significant portion of the cash flow is anticipated to come from the liquidation of tangible assets underlying the eligible assets, additional evidence should be provided establishing the issuer's or servicing agent's ability to reliably predict the value of such tangible assets.

003.04C For other than asset-backed securities with an investment grade rating, if the cash flow is primarily based upon the credit quality of the obligors, the sponsor shall demonstrate that adequate measures will be taken to qualify obligors.

003.04D The sponsor shall disclose, in the prospectus, the following information regarding the identified eligible assets:

003.04D1 The outstanding principal balance of the eligible assets,

003.04D2 The outstanding principal balance of the eligible assets as a percentage of the total amount of asset-backed securities being offered,

003.04D3 The cash flow currently being generated by the eligible assets as a percentage of the total amount of asset-backed securities being offered,

003.04D4 A description of what constitutes a default,

003.04D5 The amount of eligible assets in default,

003.04D6 The amount of eligible assets in default as a percentage of the total amount of asset-backed securities being offered, and

003.04D7 The amount of eligible assets in default as a percentage of the credit enhancement.

003.05 Asset-backed securities must have a stated rate of return.

003.06 Asset Selection.

003.06A Acquisition criteria for the eligible assets or the relevant characteristics of any specified pool of eligible assets shall be set forth in the prospectus and the trust agreement.

003.06B If eligible assets are selected from a larger pool of eligible assets owned or controlled by the sponsor, the selection process must be random, unless a reasonable basis exists for selecting eligible assets on a non-random basis.

003.06C Any selection method used must be fair and must be fully disclosed in the prospectus.

003.07 Asset Repurchase and Substitution.

003.07A The sponsor may repurchase an eligible asset or may substitute one or more eligible assets which are part of the collateral underlying the asset-backed securities with new eligible assets if:

003.07A1 The eligible assets which are to be repurchased or replaced are found not to meet the acquisition criteria or are otherwise found not to comply with the requirements set forth in the trust agreement, and

003.07A2 The repurchase or substitution is not made for the purpose of recognizing gains or decreasing losses resulting from market value changes in the issuer's portfolio of eligible assets.

003.07B The sponsor or another person may repurchase the eligible assets when the pool of eligible assets has been reduced to fifteen percent (15%) or less of the original eligible assets.

003.07C A repurchase must be made at a price determined by a fair and reasonable formula set forth in the original prospectus.

003.07D If a substitution takes place, the new eligible asset must have equal or greater scheduled cash flow, approximately the same term; and, if appropriate, equal or greater liquidation value than the eligible asset to be replaced. Compliance with this requirement must be verified by a certified public accountant, or if the eligible asset is readily marketable, by documentation of the current market value of the eligible asset.

003.07E If any repurchases or substitutions take place and the asset-backed securities are rated at the time of the initial offering, then the initial rating must be maintained.

003.07F The sponsor shall provide a report representing compliance with these requirements to the trustee simultaneously with consummating the repurchase or substitution.

003.07G The sponsor shall disclose, in the prospectus, any obligation it has to repurchase eligible assets.

003.08 Cash flow not needed for stated payments on the asset-backed securities, reserve deposits, or other designated purposes, may be reinvested in additional eligible assets which meet acquisition criteria.

003.09 Distributions of excess cash flow or eligible assets to the sponsor, or other residual owners of the issuer, while the asset-backed securities are outstanding will be allowed, provided that:

003.09A The specific circumstances permitting such distributions are fully disclosed in the prospectus; and

003.09B The ability of the issuer to make all subsequent stated payments on the asset-backed securities, as determined on the

date of such distributions, is not materially diminished as a result of such distributions.

003.09C For other than asset-backed securities with an investment grade rating, the issuer must provide reasonable evidence that such distribution rights will not impact the credit quality of the asset-backed securities at the time the asset-backed securities are registered.

004 REQUIREMENTS OF ISSUER.

004.01 The issuer must be a special purpose entity.

004.01A The issuer will generally not be permitted to:

004.01A1 Have employees, other than non-compensated officers, or

004.01A2 Incur obligations other than allowed expenses, conversion expenses, organizational and offering expenses and other extraordinary expenses arising from a change of servicing agents or similar extraordinary event.

004.01B The issuer may make more than one offering, if the asset-backed securities have an investment grade rating or if each offering is secured by a distinct pool of assets, with cross-defaults and cross-collateralization prohibited by contract or otherwise.

004.01C If the issuer is not a trust, there must be a supplemental trust agreement administered by a trustee.

004.02 For other than asset-backed securities with an investment grade rating, the issuer's interest in the eligible assets must be an ownership interest or a security interest. The eligible assets may be held by a special purpose entity other than the issuer if the issuer's ownership interest or

security interest in the eligible assets is supported by an opinion of counsel as required by Section 004.03B below.

004.03 For offerings where the issuer acquires ownership of the eligible assets, the Director may require the issuer to provide an opinion of qualified counsel to the effect that, in the event of a bankruptcy by the sponsor or an originator or other seller of eligible assets to the issuer, the transfer of eligible assets would be treated as a true sale.

004.03A For offerings where the issuer acquires a security interest in the eligible assets, an opinion may be required indicating:

004.03A1 That the security interest will be perfected based on procedures set forth in the trust agreement, and

004.03A2 Whether financial statements under the Uniform Commercial Code are necessary to perfect security interests in the eligible assets.

004.03B If a special purpose entity, other than the issuer, is established to hold the eligible assets that are pledged to the issuer, an opinion may be required indicating that, in the event of a bankruptcy by the sponsor or an originator or other seller of eligible assets to the special purpose entity, the transfer of eligible assets would be treated as a true sale.

004.04 For other than asset-backed securities with an investment grade rating, the minimum amount of proceeds required to close the offering shall be sufficient to allow the issuer to acquire all specified eligible assets or a sufficient amount of unspecified eligible assets to diversify the pool of eligible assets to the extent necessary to achieve a high level of confidence with respect to the statistical characteristics of the portfolio.

004.05 All funds received prior to achieving the minimum offering shall be deposited in an interest-bearing account with an independent escrow agent whose name and address shall be disclosed in the prospectus.

004.05A In the event that the established minimum is not reached, all paid subscriptions shall be returned to the investors, plus interest earned.

004.05B The Director may require the available proceeds from offerings that do not have an investment grade rating to be fully invested in eligible assets within two months from the date such proceeds are released from escrow.

004.06 The offering period may not exceed one year from the date of effectiveness unless permitted by the Director.

004.07 For other than asset-backed securities with an investment grade rating, cash held in collections accounts, operating accounts, trust accounts or reserve accounts, cash held pending investment in eligible assets, cash held pending distribution to security holders, and other temporary cash balances may be invested, either directly or through money market funds, in securities that are direct obligations of, or fully guaranteed by, the U.S. Government or a U.S. Governmental agency or instrumentality, certificates of deposit, demand or time deposits, and bankers acceptances from any state or federally chartered depository institution having an investment grade rating.

004.08 If the asset-backed securities are rated at the time of the initial offering, the issuer must agree to pay to have that rating monitored at least annually.

004.09 The trust agreement shall provide that the issuer or trustee shall cause to be prepared and distributed to the security holders the following reports:

004.09A A report containing relevant information regarding the performance of the issuer's portfolio of eligible assets, including cash flows, delinquency rates, gross and net loss rates, substitution, and changes in the outstanding principal balance of eligible assets, if

applicable, which report shall be prepared concurrently with distributions to security holders;

004.09B A table comparing any forecasts previously provided with the actual results during the period covered by the report, which shall be prepared at least annually; and

004.09C An annual audited financial statement of the issuer.

005.01A A greater amount of experience may be required if the portfolios of eligible assets require intensive levels of servicing.

005.01B The servicing agent may be required to provide supplemental summary information regarding the performance of prior pools of similar eligible assets which it has serviced.

005.02 For other than asset-backed securities with an investment grade rating, the servicing agent must demonstrate that it is solvent and possesses the financial resources necessary to perform under the servicing agreement and/or trust agreement.

payment of principal and interest on any other asset-backed securities issued by a special purpose entity with the same sponsor, servicing agent, and business plan.

005.04B2 Information regarding the percentage of eligible assets acquired from each originator or seller; and

005.04B3 Information regarding the diversification of each originator's or seller's portfolio of eligible assets with respect to underlying obligors, if applicable.

005.05 The servicing agent may not voluntarily withdraw as servicing agent, except as may be required by law, or upon at least 30 days prior notice to the trustee, provided that a qualified successor servicing agent has been retained, effective as of the resignation date of its predecessor.

007.04A2 The security holder is purchasing the asset-backed securities for his or her own account;

007.04A3 The security holder has received a copy of the prospectus; and

007.04A4 The security holder acknowledges that the asset-backed securities will not be readily marketable.

007.04B The security holders must separately sign or initial each representation made in the subscription agreement. Except in the case of fiduciary accounts, the security holders may not grant any person a power of attorney to make such representations on their behalf.

007.04C The sponsor and/or each person selling asset-backed securities on behalf of the sponsor or issuer shall not require security holders to make representations in the subscription agreement which are subjective or unreasonable and which:

007.04C1 Might cause the security holder to believe that he or she has surrendered rights to which he or she is entitled under federal or state law; or

007.04C2 Would have the effect of shifting the duties regarding suitability, imposed by law on broker-dealers, to the security holders.

007.04D Prohibited representations include, but are not limited to the following:

007.04D1 The security holder understands or comprehends the risk factors associated with an investment in the asset-backed securities;

007.04D2 The investment is a suitable one for the security holder;

007.04D3 The security holder has read the prospectus; and

007.04D4 In deciding to invest in the asset-backed securities, the security holder has relied solely on the prospectus, and not on any other information or representations from other persons or sources.

007.04D5 The sponsor may place the content of the prohibited representations in the subscription agreement in the form of advisory disclosures to security holders, but the disclosures may not be contained in the security holder representation section of the subscription agreement.

007.05 The sponsor or persons selling the asset-backed securities shall send all security holders a confirmation of their purchase.

008 FEES, COMPENSATION AND EXPENSES.

008.01 For other than asset-backed securities with an investment grade rating, the sponsor shall demonstrate that the total amount of consideration of all kinds which may be paid, directly or indirectly, to all parties is fair, competitive, commercially reasonable, and not less favorable to the issuer than fees or expenses between unrelated third parties.

008.01A The sponsor shall subordinate its interest in the cash flow and liquidation value of eligible assets and the underlying collateral, if any, to the interest of the security holders.

008.01B The prospectus must fully disclose, in tabular form, an itemization of:

008.01B1 The consideration which may be received in connection with the issuer's activities directly or indirectly by the sponsor, the servicing agent, and the selling agents;

008.01B2 The reason for which the consideration is paid; and

008.01B3 The method for paying the consideration, including the time when payment will be made.

008.02 All items of compensation to underwriters or selling agents, including, but not limited to, selling commissions, expenses, rights of first refusal, consulting fees, finders' fees and all other items of compensation of any kind or description paid by the issuer, directly or indirectly, shall be taken into consideration in computing the amount of allowable organizational and offering expenses. Generally, organizational and offering expenses will not be permitted to exceed fifteen percent (15%) of gross proceeds.

008.03 For other than asset-backed securities with an investment grade rating, origination fees and acquisition expenses paid or to be paid by the issuer, sponsor, or their affiliates must be fully justified based on actual services provided and expenses incurred in connection with acquiring the eligible assets.

008.04 Other than allowed expenses, organizational and offering expenses, and conversion expenses, the issuer may only be charged for the actual cost of goods and services used or incurred for or by the issuer and obtained from persons other than the sponsor, servicing agent, or their affiliates.

008.04A No reimbursement shall be permitted for goods or services for which the sponsor or servicing agent are entitled to compensation by way of separate fees. Items excluded from permitted expenses include, but are not limited to, the following:

008.04A1 Rent or depreciation, utilities, capital equipment, and other administrative items of the sponsor or servicing agent; and

008.04A2 Salaries, fringe benefits, travel expenses, and other administrative items incurred or allocated to any controlling person of the sponsor or servicing agent.

008.04B For other than asset-backed securities with an investment grade rating, the prospectus shall contain a table showing an itemized listing of the fees and expenses expected to be incurred by the issuer annually, with the amounts expressed in dollars and as a percentage of the gross proceeds of the offering.

008.05 For other than asset-backed securities with an investment grade rating, servicing fees must be demonstrated to be fair and reasonable based on the actual services performed.

009 CONFLICTS OF INTEREST.

009.01 For other than asset-backed securities with an investment grade rating, the issuer will not be permitted to acquire an interest in eligible assets in which the sponsor or servicing agent has an interest unless the following conditions are met:

009.01A The transaction occurs at the closing of the offering and is fully disclosed in the prospectus or, in the case of revolving and substituted eligible assets, the terms and conditions of all transfers are fully disclosed in the prospectus; and

009.01B The eligible assets are acquired upon terms fair to the issuer and at a price not to exceed fair market value, inclusive of origination fees and acquisition expenses.

009.01C Notwithstanding the requirements of Section 009.01 above, the sponsor or servicing agent may purchase or generate eligible assets in its own name or the name of a nominee and temporarily hold title thereto, for the purpose of facilitating the acquisition of the eligible assets by the issuer. If the offering does not have an investment grade rating, the following additional conditions must be met:

009.01C1 The eligible assets must be purchased by the issuer for a price no greater than the cost of the eligible assets to the sponsor or servicing agent, adjusted for intervening cash flow and expenses; and

009.01C2 There may be no other benefits arising out of such transaction to the sponsor or servicing agent apart from compensation otherwise permitted by this Rule and disclosed in the prospectus.

009.02 For other than asset-backed securities with an investment grade rating, a sponsor or servicing agent shall not be permitted to acquire eligible assets from the issuer, except for:

009.02A Repurchases or substitutions permitted under Section 003.07 above;

009.02B Repurchases where there has been a breach of a representation or warranty pursuant to the trust agreement with respect to eligible assets; and

009.02C Circumstances where the proceeds are used to redeem one hundred percent (100%) of the outstanding principal amount of

asset-backed securities, together with interest accrued to the date of redemption, without any penalty to the issuer.

009.03 Except as provided below, the assets of the issuer shall not be commingled with the assets of any other person.

009.03A For other than asset-backed securities with an investment grade rating, all cash flows generated by the eligible assets shall be deposited, daily, into a segregated collections account.

009.03B For other than asset-backed securities with an investment grade rating, in no event shall the servicing agent hold cash flow in its own account for more than 48 hours, unless such amounts are guaranteed by a letter of credit, a segregated reserve account, or other arrangement acceptable to the Director. Amounts in the collections account may be transferred to an operating account for reinvestment and the payment of allowed expenses or directly to a trust account for distribution to security holders.

009.04 For other than asset-backed securities with an investment grade rating, if the Director deems appropriate, the Director may delay the registration of asset-backed securities of another special purpose entity formed by the sponsor to purchase similar eligible assets until:

009.04A The offering of the asset-backed securities is completed;
and

009.04B Seventy-five percent (75%) of the proceeds of the offering have been invested, or committed to investment, in eligible assets.

009.05 For other than asset-backed securities with an investment grade rating, the trust agreement shall provide that all transactions between the issuer and the sponsor or the servicing agent or their affiliates will be on terms no less favorable to the issuer than could be obtained from a nonaffiliated entity in an arms length transaction.
